

Ironbark Solid Flooring

LB Timber

from $60.00

Description

Ironbark presents as a stunning array of colours, ranging from pale grey or light chocolate to darker reds and browns. It is very durable so is perfect for flooring.It is a particularly hard, strong timber, with a broad range of applications, due to its resistance to lyctid borers and termites. Ironbarks are a very characteristic group of trees, aptly named after their thick, compact and hard bark. The commercially available Ironbark species are divided into Grey and Red Ironbarks. Trees grow in Victoria, New South Wales and Queensland. A very heavy timber, at 1120 kilograms per cubic metre. A beautiful dense and durable timber, perfect for flooring, decking and cladding with a Janka rating of 14.0.
